Edolie

Official Strategy Guide

Side Quests

The following list is an indication of the side quests that can be performed during each chapter. It does not include any of the quests set by the game, quests which are triggered by special events or special side quests, or quests that appear depending on choices made.

Beginning:

1. The bride's bouquet
2. Torn paper
3. Pay the rent
4. New lodger
5. Lost mouse

Characters

You start your adventure with Willow, but will soon have the add others to your party.

Willow

Willow loves to write and dreams of being a successful author. Having been raised at the Magic Academy, she then settled in nearby town but hasn't really moved from there. Willow is often getting distracted from what she is doing and loves sleeping.

edolie strategy guide

Don't buy this. You'll get more unseful information by trawling through the Aveyond forums. The guide doesn't even give you details on sidequests or the tree trolls.. I'd love to review it if I would only find it. it's supposed to be already in my Steam library, but at this point I'm giving up.
